

Geology Cover Letter

21626 Labadie PrairieWolfchester, UT 72506-8803

Dear Tyler Leuschke,

In response to your job posting for geology, I am including this letter and my resume for your review.

In the previous role, I was responsible for current geological information and 3D models to the Engineering Department as required for planning purposes.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Demonstrated superior communication and influencing skills
- Demonstrated business acumen and established links with external researchers and consultants
- Delivery of training programs in the application of structural geology desirable
- Demonstrate knowledge of radio communication procedures and vehicle operation signals
- Experience in geologic fieldwork
- Experience in ARGIS mapping software
- Experience with GPS mapping equipment
- Provide expert advice to ensure that best practice geological knowledge is applied site wide

Thank you for your time and consideration.

Sincerely,

River VonRueden
