

Global Information Security Cover Letter

4651 Genaro Field North Lincolnberg, MN 64322-8595

Dear Max Huels,

I would like to submit my application for the global information security opening. Please accept this letter and the attached resume.

Previously, I was responsible for assistance to system users relative to information systems security matters; lends information security expertise for software development, deployments and network infrastructure projects.

My experience is an excellent fit for the list of requirements in this job:

- Engage with and support the integration of our branding and awareness campaigns to our customer facing groups that want to use same content
- Entrench our branding and theme into all aspects (where applicable) of our IS products, deliverables
- Build and measure an opt- in engaging awareness campaign and measure effectiveness
- Aptitude for simplifying the complex and crafting messaging that resonates with and educate stakeholders
- Propensity for identifying and engaging key stakeholders and influencers to drive change and enhance culture
- Innovative thinking with a way of problem solving
- Customer Focus & Integrity and Trust
- Personal Learning & Organized and methodical

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Emerson Doyle
