

# Global Information Security Cover Letter

23413 Hershel Loop South Jackelineton, VA 15908-2378

**Dear Onyx Flatley,**

I would like to submit my application for the global information security opening. Please accept this letter and the attached resume.

In the previous role, I was responsible for technical assistance with the set-up, deployment, and ongoing support of systems that support information security including virus detection systems, and firewall content filtering systems.

Please consider my qualifications and experience:

- Demonstrable experience of Information Security Compliance programs including but not limited to, HIPAA, CE, GDPR, NYCyber, FCA, GLBA, PCI
- Possess Information security (CISSP, CISM, SANS) and auditing (CISA) designations
- Strong technical knowledge in infrastructure, mobile and cloud technologies
- Track record of building strong relationships across technology functions
- Proficient in information security frameworks, practices and principles
- Strong English language communication skills (both verbal and written) and advanced competency in Microsoft Office technologies
- Preferred of SSCP, Associate of ISC2, CISSP, CISA, CISM, CEH, ISO Lead Implementer certifications
- Critical thinking and thorough analysis

**Thank you in advance for reviewing my candidacy for this position.**

Sincerely,

Onyx Schulist
