

Global Information Security Cover Letter

715 McClure Court
New Sheilaport, HI 77334

Dear Spencer Cremin,

In response to your job posting for global information security, I am including this letter and my resume for your review.

In the previous role, I was responsible for input and guidance of security designs in hardware, software, data, and procedures to accomplish network security.

Please consider my experience and qualifications for this position:

- Demonstrated knowledge of complex technological, procedural and communication solutions (design and operations) vis-à-vis GSOC functionality
- Federal law enforcement and/or military service related to Operations Center environments
- CompTIA Security+ Certification or other relevant security/governance certification
- Significant access security administration experience
- Attention to detail to ensure accuracy of work being done
- Technical competency and acumen with multiple authentication and authorization applications including SAP and Active Directory
- Experience supporting IAM applications & tools
- Experience working with the Internal Audit team to ensure access standards are consistently followed and evidence provided as requested

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Royal Block
