

# Hacker Cover Letter

717 Raye BridgeLake Guadalupe, NV 43764

**Dear Sutton Swaniawski,**

I am excited to be applying for the position of hacker. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for security guidance based on potential risks from an attacker perspective;

Please consider my experience and qualifications for this position:

- Knowledge of driver assistance sensor technologies and functions vehicle electrical architecture
- Comfortable with in-vehicle test activities Experience with Vector tools such as CANape and CANalyzer
- Experience in skills in growth hacking methodology and tools
- Have strong analytical skills and experience with data analysis and reporting
- Experience with using tools such as Google Web Analytics, MixPanel and Revuylitics to setup and track user journeys and learn based on data
- Deep experience in A/B testing (digital marketing tools) especially for content driven campaigns for registrations, downloads and monthly actives
- Being social and understanding users' behavior
- Experience collaborating with global teams and developer audiences

**Thank you for taking your time to review my application.**

Sincerely,

Quinn Greenfelder
