

Health & Benefits Consultant Cover Letter

259 Schowalter DriveLindgrenmouth, CT 38936

Dear Gray Pollich,

I submit this application to express my sincere interest in the health & benefits consultant position.

In my previous role, I was responsible for technical guidance on the MS BI solution, acting as technical lead for all design, development, and support.

Please consider my qualifications and experience:

- Experience conducting benefits due diligence and integration for M&A
- Demonstrated experience managing a substantial benefit plan budget
- Strategic thinker with a continuous improvement approach to completing work
- Excellent business acumen specifically around strategy/program alignment and financials
- Contributing as a member of the consulting team in developing overall client strategy
- Establishing necessary provider relationships with appropriate contacts to serve clients in handling all administration duties (eligibility, claims, billing, plan implementation, contracts, plan changes and necessary amendments)
- Experience in pharmacy benefits management work
- Experience in wellness programs – highly preferred

I really appreciate you taking the time to review my application for the position of health & benefits consultant.

Sincerely,

Frankie Dibbert
