

Health Data Analyst Cover Letter

873 Cleeta PinePort Van, TN 41221-8879

Dear Rory Mann,

In response to your job posting for health data analyst, I am including this letter and my resume for your review.

In my previous role, I was responsible for expertise on mathematical concepts and advanced analytics to be applied throughout the organization.

Please consider my experience and qualifications for this position:

- Experience in data analysis (preferably using SAS/ /STATA/R) and in applying analysis and research to policy development in public health
- Knowledge of statutes, regulations, and guidelines governing MIH and EMS
- Knowledge of mobile integrated health and community paramedicine in other states
- Extensive experience surveillance and research in public health
- Autonomy, accuracy, attention to details and excellent organizational and communication skills
- A positive attitude in dealing with people, share openly and willingly, demonstrate collaboration and flexibility
- Advanced PowerPoint skill is beneficial
- Proficiency in learning new software/data management systems

Thank you for taking your time to review my application.

Sincerely,

Reese Hagenes
