

Health Data Analyst Cover Letter

48491 Elden Village New Wilbert, WA 28553-9617

Dear Sawyer Satterfield,

I submit this application to express my sincere interest in the health data analyst position.

In my previous role, I was responsible for expertise on mathematical concepts for the broader applied analytics team and inspire the adoption of advanced analytics and data science across the entire breadth of our organization.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Previous experience as a study coordinator or data manager
- Certified in clinical research through SoCRA or ACRP or eligible for certification
- Knowledge of multiple and integrated systems
- Experience participating in EMPI/Chart Correction standards, processes, policies, procedures and service level agreements preferred
- Requires accuracy, attentiveness to detail and time management skills
- Technical experience in SAS
- Experience with inferential statistics
- Experience with Salesforce, Five 9, SMS, and Redpoint

Thank you for your time and consideration.

Sincerely,

Skyler Erdman
