

# Historian Cover Letter

794 Lueilwitz Run  
New Nolanport, CO 07399

**Dear Cameron Johnston,**

I submit this application to express my sincere interest in the historian position.

Previously, I was responsible for technical oversight to History Office assistants, interns, and subcontractors.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- An understanding of data collection and storage, communications and industrial automation
- Current versions of Wonderware MES products and System Platform or Citect Ampla or competitor equivalents of these products
- Thorough knowledge of pharmaceutical products, generic names, routes of administration, dosage forms
- Working knowledge of medical abbreviations, medical terminology and disease states
- Familiarity with Georgia DOT Plan Development Process (PDP) and Environmental Procedures Manual (EPM)
- CADD operation skills
- Strong communication and organization skills positive attitude/support mentality
- Master's in Historic Preservation, Architectural History or equivalent

**Thank you for your time and consideration.**

Sincerely,

Stevie Parisian
