

# Historian Cover Letter

54512 Cormier CausewayIsmaelshire, NE 10929

**Dear Stevie Dibbert,**

I submit this application to express my sincere interest in the historian position.

In my previous role, I was responsible for client-facing technical leadership in architectural history, client management, and task order management.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Technical work experience within disaster area(s) is preferred
- Strong written and oral communication skills evidenced by publication and conference presentation record
- Knowledge of relevant primary and secondary source material
- Experience with archival research
- Manages day-to-day museum research operations
- Studies and compiles relevant sources and collections materials in a comprehensive and diligent manner
- Creates written reports and analyses in support of special projects
- Provides tours of the Museum and supports the Manager of Education and Outreach in events for the general public

**Thank you in advance for reviewing my candidacy for this position.**

Sincerely,

Skyler Welch
