

# Hyperion Administrator Cover Letter

6590 Kerluke Lodge Meganshire, FL 96827

**Dear Brooklyn Schiller,**

I submit this application to express my sincere interest in the hyperion administrator position.

Previously, I was responsible for oversight for the development, modification, and maintenance of internal limited access database systems for tracking/trending financial and project data.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Experience with Hyperion applications in the banking/financial industry is preferred
- Strong Hyperion experience
- EPM 11.x, Essbase, HFM, DRM, ODI, Automation / Scripting
- Proven Communication Skills, Problem Determination/Troubleshooting, Excellent team working & Positive Attitude
- Requires a Bachelor's in accounting, finance, computer science or related field
- Working knowledge in MaxL
- Management of multiple Hyperion cubes 8
- Implementation/development experience with Hyperion Essbase and planning systems 8

**I really appreciate you taking the time to review my application for the position of hyperion administrator.**

Sincerely,

Lennon Bogan
