# Hyperion Administrator Cover Letter

6261 Leannon PlazaWest Timfort, AK 42218-2839

**Dear Drew Connelly,**

I submit this application to express my sincere interest in the hyperion administrator position.

Previously, I was responsible for back up support to other members of the systems and network administration software engineer teams; performs second and third level applications and database support on assigned systems.

Please consider my qualifications and experience:

- Project leadership experience with Hyperion Essbase and planning systems 6
- Experience with script development and application testing 8
- Management of Planning and Essbase applications 7
- Experience working with financial close processes 5
- Experience working with software development life cycle methodology 7
- Experience building reports with Financial Reporting Studio (or other application like Crystal Reports) is strongly preferred
- Proficiency in Oracle Essbase and SmartView with system development experience
- Working knowledge of various Financial systems EPM/eLedger/BPC and Microsoft Office

**Thank you for your time and consideration.**

Sincerely,

Dylan Rowe
