Hyperion Administrator Cover Letter

77557 Andrew BurgsEast Roy, RI 59747

Dear Haven Haley,

I would like to submit my application for the hyperion administrator opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for leadership and mentoring for the Database Administrator I positions including the understanding of Baylor Scott & White Health policies, procedures and standards, all areas of database administration, database design, implementations, updates, maintenance, support, documentation reporting, research and development for systems of medium complexity.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Demonstrated knowledge of WebLogic administration
- Extensively worked with Hyperion security, using Shared Services for HFM and Essbase filtering
- Bachelors in Business Administration, Accounting and/or Information Systems
- Experience acting as lead on Hyperion implementations
- Knowledge of Oracle EPM data management tools (FDM, FDM, ODI, EAS)
- Able to understand and develop calculation rules, extract scripts, MAXL scripting, allocation scripts, load rules
- Experience with ePBCS is preferred
- Strong knowledge of web server, app server, DBMS

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Alexis Kassulke
