

ICU Registered Nurse Cover Letter

522 Ratke ThroughwayPacochaberg, AL 19978-0230

Dear Hayden Rolfson,

Please consider me for the ICU registered nurse opportunity. I am including my resume that lists my qualifications and experience.

In the previous role, I was responsible for medication management to the clients to include medication reconciliation, medication administration, assist the client with medication refills and communicate with the client and attending regarding recommendations on medication appropriateness.

My experience is an excellent fit for the list of requirements in this job:

- These are night or weekend opportunities
- Current Maryland RN license or Compact State
- Night shift, weekend days, or weekend night opportunities
- Bonus paid in two increments (half upon hire, other half upon completion)
- Apply today to speak with one of our Recruiters in more detail about these great opportunities
- Current American Red Cross or American Heart Association Healthcare Provider (BLS & ACLS certifications)
- Acute Care or Critical Care experience strongly preferred
- Current Georgia RN licensure or compact license

Thank you for taking your time to review my application.

Sincerely,

Sam Bergnaum
