

# Identity & Access Management Analyst Cover Letter

706 Mary ThroughwayLakinview, OR 71797

**Dear Rory Auer,**

Please consider me for the identity & access management analyst opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for operational support for all aspects related to Putnam's Identity and Access Management Infrastructure, including Directory Services.

Please consider my experience and qualifications for this position:

- Knowledge of IAM technologies such as Courion, Imprivata, Sailpoint, RSA, SAP
- Knowledge of security issues, techniques and implications across UNIX, LINUX and Windows environments
- Experience in working with Internal/External audit, controllers and regulatory bodies
- Proficient with multiple technologies and architectural design principles this includes understanding of concepts such as System Administration, RDBMS, User Administration, Operating Systems, Application Development
- SAP and Non SAP security skills and experience, with some breadth of experience application to include at least one of
- Has experience of at least 1 SAP implementation and/or Identity and Access Management global project
- Cross-train across the Identify and Access Management domain, in order to backfill and backup peers as needed
- Knowledge of Active Directory access concepts

**Thank you in advance for reviewing my candidacy for this position.**

Sincerely,
