

# Identity & Access Management Analyst Cover Letter

302 Raleigh SpringNew Felix, NM 33769-0158

**Dear Dakota Weissnat,**

I am excited to be applying for the position of identity & access management analyst. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for senior DevOps support and serve as subject matter expert for our LDAP and Identity Management solutions.#LI-AS2.

My experience is an excellent fit for the list of requirements in this job:

- Experience in IAM requirements gathering, AS-IS Use Case analysis, IAM Process Analysis, IAM Training Material creation
- Experience in IAM TO-BE Use Case documentation, TO-BE Requirements documentation, IAM related System Test Strategy, User Acceptance Test Strategy creation
- Experience in interacting with Customer Stakeholder getting requirements, documenting Business End User requirements, Process Flow, Use Cases
- Experience in driving entire IAM Requirements Track, Testing Track, Release Track, End User Training
- Experience with using latest tools VISIO, and other related process flow, workflow tool
- Hands-on testing experience performing system testing and creating test scripts
- Identity Access Management Experience (highly desirable)
- Active Directory (or similar)

**Thank you in advance for reviewing my candidacy for this position.**

Sincerely,

Alexis Lehner
