

Implementation Analyst Cover Letter

46436 Kling TraceHuelsburgh, MI 99202

Dear Story Braun,

I am excited to be applying for the position of implementation analyst. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for project analyst subject matter expertise (assist in writing requirements, creating test cases, and executing test cases) for systems.

Please consider my experience and qualifications for this position:

- Possesses a confident, polished and professional demeanor worthy of corporate clientele
- Proficiency in GDS systems, including Sabre and Apollo
- Hospital I.T
- Intermediate technical application experience (MS Word, Excel, PowerPoint, Windows)
- Experience with WinBatch or other programming language
- General understanding of commonly used supply chain systems
- Basic to Intermediate knowledge of UNIX, Linux, AIX
- Excellent attention to detail and technical aptitude

Thank you for your time and consideration.

Sincerely,

Gray Larson
