

Implementation Associate Cover Letter

2716 Fritz Turnpike
Freddyton, ME 40863

Dear Zion Bednar,

I submit this application to express my sincere interest in the implementation associate position.

Previously, I was responsible for customer service and operational support for all Treasury Management products and services, including addressing general inquiries, problem resolution, research and all functions associated with servicing existing Treasury Management clients, sales associates and all other bank colleagues.

Please consider my qualifications and experience:

- Willingness to travel within the U.S. and internationally as needed
- OR Working towards attaining PMP certification
- Experience in implementing change management initiatives within an audit function
- Experience working on a project or client engagement with a multijurisdictional team
- Experience deploying audit applications at a regional level or within a member firm
- Perform and document client implementation processes
- BIM related relevant experience
- Experience in Web design and digitalization would be preferred

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Greer Daniel
