

# Implementation Cover Letter

17552 Gerry HarborNew Jaclyn, DE 59157

**Dear Riley Schulist,**

I would like to submit my application for the implementation opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for testing support for new systems by learning departments' business processes and understanding how they will run in the new system.

Please consider my qualifications and experience:

- Knowledge and experience with TCP/IP protocol
- Familiarity with Networks and basic troubleshooting techniques
- Basic understanding of Virtual Systems
- Experience in an account management, providing world class customer service to exceed our customer's needs
- Proven success at selling additional products
- Knowledge of accountancy software is highly desirable
- Developing new business, driving new product lines and growing a highly valued current client base
- Identify prospects by keeping abreast of current business trends and commercial sponsorship activities

**Thank you for your time and consideration.**

Sincerely,

Briar Zemplak
