

# Industrial Design Cover Letter

17259 Ahmed Ferry South Maurice, CA 46679

**Dear Sam Quitzon,**

I submit this application to express my sincere interest in the industrial design position.

Previously, I was responsible for subject Matter Expert advice to management for projects related to the design, construction and operation of laboratory and office facilities.

Please consider my qualifications and experience:

- Equivalent combination of education and experience related to the discipline
- Proficiency with 2D and 3D design programs
- Autodesk Inventor experience strongly preferred
- Good skills in 3D softwares, Adobe Photoshop, Illustrator and MS Office tools
- Good model making skills and willingness to do hands-on work with design mock-ups, familiarity with manufacturing technologies
- Self-motivated team member with strong problem solving skills
- Valid UK driving license preferred, but not essential
- All design work should be based on and accompanied by a solid engineering understanding

**Thank you for considering me to become a member of your team.**

Sincerely,

Zion Casper
