

Industrial Design Cover Letter

5314 Berry HeightsCareyfurt, IL 90788-3594

Dear Hayden Steuber,

I submit this application to express my sincere interest in the industrial design position.

In the previous role, I was responsible for technical design and quality reviews at various milestones throughout the design process to ensure building designs are compliant with design standards.

Please consider my qualifications and experience:

- Comfortable and quick to learn new software programs and procedures
- General understanding of functional mechanisms and manufacturing processes
- Passionate about design, creative problem solving and communicating concepts/solutions
- Provide link to portfolio samples
- Experience creating brand packaging strategies
- Knowledge and experience with various substrates such as folding cartons, corrugated, design, flexible packaging, and prototyping
- Proficient skill level in the design software, Photoshop, InDesign, Solidworks, Rhino, Alias or alternative
- Printing and graphics background highly preferred

I really appreciate you taking the time to review my application for the position of industrial design.

Sincerely,

Stevie Jacobson
