

# Industrial Hygienist Cover Letter

195 Pacocha Terrace Ushaside, SC 45069-7838

**Dear Denver Rippin,**

I submit this application to express my sincere interest in the industrial hygienist position.

In the previous role, I was responsible for professional IH support / oversees IH programs and practices at assigned sites/Business Lines.

Please consider my qualifications and experience:

- See additional info in Other Requirements
- Advanced knowledge and experience in IH related matters, advanced knowledge of health and safety regulations and standards regarding industrial hygiene, and experience reviewing and interpreting new health and safety standards and writing complex policy documents
- Significant experience providing technical direction/leadership to staff on industrial hygiene related matters
- Advanced analytical, decision-making and problem solving skills to evaluate, interpret, negotiate, recommend and implement innovative and creative solutions to resolve complex issues and lead implementation efforts to ensure the needed level of rigor in the Industrial Hygiene Program
- Experience developing and presenting safety courses, providing emergency response, and participating in the investigation of incidents or accidents involving chemical or physical hazards
- Advanced communication, facilitation, and collaboration skills necessary to lead a team and effectively present, explain, influence and advise upper management and interact with all levels of professional and technical staff across multiple/diverse organizations
- Experience working independently on assignments and using independent judgment with minimal direction from management to meet assigned objectives
- Demonstrated effective organizational skills with detail orientation necessary

**I really appreciate you taking the time to review my application for the position of industrial hygienist.**

Sincerely,

Alexis Hahn
