

Industrial Maintenance Technician Cover Letter

8501 Runte RiverFritschchester, MA 91666-5211

Dear Royal Kautzer,

Please consider me for the industrial maintenance technician opportunity. I am including my resume that lists my qualifications and experience.

In the previous role, I was responsible for general maintenance support as designated by supervisor to include any or all of the following areas: utility equipment; HVAC equipment; water for injection; product storage; welding, fabricating, construction, and installations.

My experience is an excellent fit for the list of requirements in this job:

- Able to work overtime to meet operational deadlines
- Comfortable working in inclement working conditions
- Follow all OSHA and Company safety standards
- Electrical experience/background is strongly preferred
- Demonstrated application of precision installation and repair
- Familiar with Predictive Maintenance or Condition-Based Monitoring (Vibration analysis, infrared thermography, ultrasonic emissions)
- Demonstrated commitment to zero incident safety culture, employee involvement, active teamwork, and continuous improvement
- Travel nation-wide at a moments notice

Thank you for taking your time to review my application.

Sincerely,

Briar Lemke
