

# Industrial Maintenance Technician Cover Letter

63830 Ortiz InletDaniellamouth, OK 12598

**Dear Sutton Kihn,**

I am excited to be applying for the position of industrial maintenance technician. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for general safety support in the areas of Fire Safety, Emergency Preparedness and Response, Ergonomics, Machine Guarding, Electrical Safety, Lockout /Tagout, and Compressed Gases.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Trouble shoot and repair equipment on the job site
- Labor intense
- Primarily perform work in nuclear, chemical & fossil fuel plants under extremely hot, cold, wet and/or noisy areas
- Physically submit to periodic drug /alcohol/background & clearance screening tests (employment is contingent upon favorable results)
- Performing preventative maintenance on mechanical, hydraulic, electrical, and electronic systems of the production equipment and physical plant
- Troubleshooting and repair equipment failures
- Assists in special projects such as continuous improvement efforts and equipment upgrades
- Have a working knowledge of electric motors, sensors, AC/DC power, and control systems

**Thank you in advance for taking the time to read my cover letter and to review my resume.**

Sincerely,

Justice Bosco
