

Informatica Cover Letter

588 Josphe MountNorth Ignaciochester, WV 98503-7554

Dear Campbell Turcotte,

I would like to submit my application for the informatica opening. Please accept this letter and the attached resume.

Previously, I was responsible for guidance and recommendation on Informatica best practices.

My experience is an excellent fit for the list of requirements in this job:

- Experience with or knowledge of Data Warehousing, Data Interation techniques and Data Modeling
- Experience working with complex sql queries like Hierarchical, Aggregate Queries
- Experience working with different database objects like tables, views, materialized views and partitions
- Experience with SQL Server / Oracle databases
- Experience with other Informatica products like IDQ, Power Exchange, Informatica Data Archive and Test Data Management (desirable)
- Develop Informatica objects - mappings, sessions, and workflows based on the prepared low level design documents
- Debug mappings and identify errors and error rows so that they can be corrected and re-loaded into a target system
- Working knowledge of SQL, PL/SQL, UNIX Shell scripting

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Gray Vandervort
