

Informatica Cover Letter

9141 Despina Motorway
Port Sidneyberg, OH 47203-4477

Dear Phoenix Strosin,

Please consider me for the informatica opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for guidance and oversight regarding best practices and industry standards for the implementation, configuration and optimization of Informatica EDC and all facets and nuances thereof.

Please consider my experience and qualifications for this position:

- Operational Analyst to deploy and administer Ford IT Informatica Cloud based technologies
- Working knowledge of Informatica, Microsoft Azure, Amazon (AWS), or IBM Cloud Technologies
- Working knowledge of Application Development Architectures, Data Integration, Data Administration, Web deployment methodologies and mobile technologies
- Computer Sciences, Management Information Systems or equivalent
- Preferred experience working with hadoop distribution such as cludera Hortonworks and, MapR
- Good understanding of data warehouse life cycle and design patterns
- Understanding of MPP design and architecture (like Netezza, Teradata)
- Understanding of Hadoop and big data technologies for data warehousing is preferred

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Zion Fisher
