**Dear Morgan Goodwin,**

I would like to submit my application for the information security risk manager opening. Please accept this letter and the attached resume.

Previously, I was responsible for security expertise on system, network, encryption, authentication, and governance.

Please consider my qualifications and experience:

- Strong partnership and relationship development skills
- High-level understanding of a broad range of security topics, such as networking, cloud security, secure software, cryptography
- Experience with risk management methods such as COSO, COBIT, ISO 31000, NIST SP800-30/39
- Experience with industry/regulatory security compliance frameworks such as ISO 27000, PCI DSS, NIST SP800-53
- Technically competent with various software programs, such as MS Office Suite, Excel, and a strong understanding of multiple SDLCs
- IT Security department team management
- Strong knowledge of authentication and encryption techniques
- Strong knowledge in hardware/software security implementation

**Thank you in advance for taking the time to read my cover letter and to review my resume.**

Sincerely,

Ari Connelly
