

Information Security Risk Manager Cover Letter

61169 Deedee WellsLowepoort, AK 42613

Dear Emerson Mayert,

Please consider me for the information security risk manager opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for third level support for Visa's global network security and end user authentication technology.

Please consider my qualifications and experience:

- Control writing
- Cyber security, preferably worked in a leading role of an IS function and experience dealing with an actual cyber breach incident
- Data protection regulations and DLP solutions
- System development life system, including the use of automated testing tools
- Understanding of regulatory landscape across Asia
- Worked with the financial industry, preferable in a Group or regional role
- Demonstrated experience working with regulatory requirements and standards (PCI-DSS, SOC, ISO, BSI, GDPR) and frameworks (ISO, NIST, OWASP)
- Demonstrated experience in identifying, assessing, and mitigating, regulatory and compliance risk

I really appreciate you taking the time to review my application for the position of information security risk manager.

Sincerely,

Briar Cronin
