

# Information Security Risk Manager Cover Letter

305 Corkery MissionLake Elihaven, WV 73489

**Dear Peyton Huels,**

Please consider me for the information security risk manager opportunity. I am including my resume that lists my qualifications and experience.

In my previous role, I was responsible for security domain expertise on system, network, encryption and authentication services.

My experience is an excellent fit for the list of requirements in this job:

- Experience of technology leadership with breadth across information security
- Knowledge of industry wide information security frameworks including ISO 27001/2 and NIST
- Familiarity with a variety of application security architectures and supporting infrastructure such as networking, identity and access management, and cloud security
- Extensive information security experience
- Develop and maintain productive business relationships with business units teams across Global Services and the ODC service providers
- Implementation / auditing knowledge of security standards like NIST- CSF, ISO 27001, ISO 22301 , SSAE-16 , SOC1/2, ,ISO 17789
- Exposure on data protection products and its implementation like MacAfee
- In depth understanding of Identity & Access Management domain

**Thank you for taking your time to review my application.**

Sincerely,

Oakley Rosenbaum
