Dear Landry McClure,

I am excited to be applying for the position of information systems analyst. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for guidance to the IT and business community on the appropriate implementation of information security policies and standards.

Please consider my experience and qualifications for this position:

- Experience working with troubleshooting and performance monitoring of VMware infrastructure products, versions 5.5 and newer
- Working knowledge of general networking concepts
- Basic knowledge of networking, including but not limited to MAC addresses, IP addresses, DNS, firewalls, VLANS, DHCP addressing in an end user environment
- LAN/WAN setup and administration
- Professional experience or academic training in information systems and web-based technologies is mandatory
- Working knowledge of Microsoft Office is mandatory
- Excellent hands on experience in all types of ABAP development (reports, enhancements, interfaces, conversions, forms, workflow, function modules and module pool)
- Excellent hands on experience in SAP integration technologies – RFC, BAPI, ALE, IDOC

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Indigo Hamill
