

Information Systems Manager Cover Letter

821 Nicolas Squares Toyborough, WA 14183-7463

Dear Zion Hilpert,

I submit this application to express my sincere interest in the information systems manager position.

In my previous role, I was responsible for training and coaching to project managers, planning analysts and planning managers on accounting policies and processes.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Requires experience working in an Audit department auditing IT/other information systems
- Strong experience partnering with cross functional/cultural teams
- Independent and able to perform tasks with minimum supervision
- Have a very strong commitment to personal development and a drive to develop himself / herself technically and professionally
- Knowledgeable in IT controls, Application security and risk management methodology
- Competent in conducting application security/risk assessment
- Familiarity in Digital Banking, FinTech and Outsourcing will be an advantage
- Has in-depth knowledge of information security risks, concepts of new technologies, such as blockchain, cloud, mobile payment, hadoop

Thank you for taking your time to review my application.

Sincerely,

Briar Torp
