

Information Systems Specialist Cover Letter

6753 Williamson JunctionLake Ralph, WA 87769

Dear Zion Klein,

Please consider me for the information systems specialist opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for expertise and oversight on Supplier Quality Management (Supplier Complaints, Supplier Notification of Change, Quality Agreement, Supplier Monitoring and SMS Trackwise System).

My experience is an excellent fit for the list of requirements in this job:

- Experience operating a fork-lift, scissor lift, boom lift
- Prefer experience in higher education human resources
- In-depth knowledge configuration management tools & automation technology
- Experience with Windows/UNIX/Linux Operating systems from a system engineering perspective
- Experience with command-line style management utilities, such as vMA/PowerCLI/Perl/etc
- Experience with scripting languages, such as bash, python, perl and powershell
- Provide Product and Material system, applications and work process support
- Collaborate with Lead Architect Specialist (LAS), Enterprise Architect and peer Architect Specialists to deliver system capabilities, new requirements, enhancements, issues and strategic direction

Thank you for taking your time to review my application.

Sincerely,

Oakley Bradtke
