

Information Systems Specialist Cover Letter

804 Hermann GreenO'Konborough, MN 72232-8426

Dear Ari Feest,

I am excited to be applying for the position of information systems specialist. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for senior level technical support of mainframe security in a large, complex Multi-LPAR RACF environment utilizing RRSF (RACF Remote Sharing Facility), zSecure, RACF/DB2 and CICS.

Please consider my qualifications and experience:

- Partner with EDM support teams to design solutions, perform configuration and deliver efficient and effective processes and tools
- Define requirements and manage development work
- Participate in projects, document deliverables and collaborate with business/workstream partners EDM Support teams
- Create functional design specifications, test plans and user document for functional and technical completeness
- Ensure work integration across both technical and functional team for work process and systems development
- Provide technical expertise in the Support Escalation process
- SAP Portfolio and Project Management (PPM)
- Experience in ABAP and Programming

Thank you for considering me to become a member of your team.

Sincerely,

Skyler Ritchie
