

# Information Systems Cover Letter

67834 Nicolas ShoalLake Maud, CO 72921-2733

**Dear Skyler Baumbach,**

I would like to submit my application for the information systems opening. Please accept this letter and the attached resume.

Previously, I was responsible for direct support of information security compliance activities including managing plans of actions and milestones (POA&Ms), supporting the agency's continuous monitoring program, developing information security related processes and procedures.

My experience is an excellent fit for the list of requirements in this job:

- Experience within the telematics industry
- Proven experience with reporting tools, software and other applications such as Oracle, SQL, MS SQL Server, SSRS, SSIS, SSAS, .SAP, Business Objects, SAP, Crystal Reports
- Experience with non-standard text files (i.e., hierarchical fixed width files)
- Experience with data transformation and conversion
- Knowledge of clinical health
- Demonstrated high competency in project management and the execution of multiple, large and complex projects, including managing resources across multiple projects to meet goals
- Knowledge of FHIR, X12, HL7 standard, and RESTful web services experience with HL7 interface engines such as Rhapsody, Mirth, Cloverleaf
- Knowledge of healthcare clinical, revenue cycle, and/or corporate management systems

**Thank you for taking your time to review my application.**

Sincerely,

Shae Orn
