

Information Cover Letter

291 Darcel Mews New Annie, HI 33898

Dear Ari Stokes,

I would like to submit my application for the information opening. Please accept this letter and the attached resume.

Previously, I was responsible for leadership, drive implementation and drive ongoing compliance in the facility with IS requirements including IS policies and standards, HIPAA Security activities, Facility IS Action Plans, Parallon IS program activities, enterprise IS program, and facility/customer-specific needs.

Please consider my qualifications and experience:

- Core understanding of DoD/DISA compliance methodologies/requirements
- CyberArk, HBSS, Imperva, Splunk, Encase, Websense, SourceFire, AlgoSec, Forcepoint/Websense, or
- Work in close coordination with the Information Assurance team and SOC to appropriately resolve
- Higher education in computer science, business informatics, industrial engineering or equivalent knowledge
- Knowledge about international standards and frameworks regarding information security (ISO 2700x, NIST 800, BSI Grundschutz, ITIL, Cobit a.o.) and Risk Management
- Detailed knowledge of methods, processes and standards of information security, application architectures, process design, IT basic infrastructures
- Certified Information Security Manager (CISM) or ISO 27001 Lead Implementer or CISSP certification preferable
- Initiative, commitment and convincing manner

I really appreciate you taking the time to review my application for the position of information.

Sincerely,
