

# Infrastructure Project Manager Cover Letter

816 Goodwin LakeLake Danaeside, NM 38805

**Dear Alexis Rath,**

I would like to submit my application for the infrastructure project manager opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for governance from project initiation to project closure concerning project definition, scope and budget management.

Please consider my experience and qualifications for this position:

- Previous experience of managing internal resources, including the training and mentoring of senior staff members
- Able to seek out and prepare proposals for new opportunities
- Both site and office based experience on a variety of project types including civil and building infrastructure projects
- Chartered Status with the RICS, CIOB, RIBA, ICE, APM or other equivalent institution
- Use or develop best practices and tools for project execution and management
- Report to Project Management Office and Operations
- Provide Project Reporting as requested
- Experience managing large Infrastructure projects including data center builds, migrations, decommissioning projects, and network / telecommunication projects

**Thank you in advance for reviewing my candidacy for this position.**

Sincerely,

Sam Weimann
