

Infrastructure Project Manager Cover Letter

400 Guillermo View
South Faustinafurt, IL 64298

Dear Campbell Heathcote,

I am excited to be applying for the position of infrastructure project manager. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for a professional, first-class, consistent and effective project management service to the clients, including project monitoring and reporting systems in accordance with company standards and guidelines.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Registered Professional Engineer in British Columbia or eligibility to register within 6 months of employment
- Consulting experience in British Columbia (and ideally Victoria)
- Experience delivering infrastructure projects
- Would be an advantage to have managed programmes / projects in a number of different industry sector
- APM Managing Successful Programmes (MSP) accreditation or equivalent
- Formal Change Management accreditation
- Formal Project Management accreditation
- ITIL Certified (advantageous)

Thank you for taking your time to review my application.

Sincerely,

Shiloh Reinger
