

Integration Director Cover Letter

780 Welch CentersGoyetteMouth, OH 68181

Dear Rowan Kuvalis,

In response to your job posting for integration director, I am including this letter and my resume for your review.

Previously, I was responsible for active input & support to the development of direct to patient marketing strategies and communication plans.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Strong qualitative and quantitative analytical skills with proven understanding of economic valuation theories and processes
- Demonstrated experience with system architecture, design & integration business knowledge in multiple disciplines
- Thorough knowledge of TRICARE Program and current contract requirements
- Drive the execution of PMO's strategic initiatives the development and execution of the project's work plan
- Experience driving organizational change with a willingness to be flexible with implementation approaches based on organization and group strengths
- Experience in leadership roles in matrix environments
- Capable of designing, inspecting and adapting processes and synthesizing them into best practices
- Proven history in work with Portfolio Managers, Portfolio Owners, IT, Finance, Legal, HR, Global organizations, many areas of business, and PMO

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Tatum Maggio
