

Intelligence Support Cover Letter

289 Lillia MewsDelmarland, NJ 53995-1802

Dear Sam Dooley,

I would like to submit my application for the intelligence support opening. Please accept this letter and the attached resume.

In the previous role, I was responsible for input into developing standards and requirements for new products/services and assists in assuring that new purchases fall within this structure.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- The specification, design, development, integration, testing and documentation of systems, consistent with agreed enterprise and solution architectures
- Previous experience with at least one business intelligence tool
- Skill in the manipulation of large complex data sets
- Academic background within Chemistry, Engineering or IT
- Sound understanding of financial models, Microsoft BI and Data Warehouse technologies or willing to learn SQL server, Integration Services(SSIS), Reporting Service(SSRS) and Analysis Services (SSAS)
- Well-structure and organized, self-driven, customer oriented
- Fluently in English, both writing and verbally
- Work with cross-functional teams to monitor and conduct ongoing Channel account mapping process, identify potential process and system gaps, and highlight the issues to business owner management

Thank you for taking your time to review my application.

Sincerely,

Cameron Schmitt
