

Intelligence Support Cover Letter

4538 Poulos UnionsLake Angellastad, CA 45090

Dear Alexis Toy,

I am excited to be applying for the position of intelligence support. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for support for government programs, legacy systems, future systems to be acquired for information assurance to include fixed, land and air mobile, and agent portable systems.

Please consider my experience and qualifications for this position:

- Familiar with financial modeling techniques, dashboard measurement development, and other financial performance measures
- Experience with Data Mining or Statistical Modeling is preferred
- Past project experience with integration technologies
- Acting on established Europe analysis and production priorities when tasked by the QAP, identifying sub-tasks, integrating all JAC intelligence products with other products, and coordinating with external agencies
- IMINT, MASINT) to provide intelligence preparation for battlespace
- Gather requirements from stakeholders and users, assist colleagues in understanding the impact of requirements
- Provide expertise to analyse and translate complex technical requirements into technical specifications
- Provide input into the identification and assessment of risks and issues associated with each solution and technology decision

I really appreciate you taking the time to review my application for the position of intelligence support.

Sincerely,

Spencer Carter
