

Intern, Health Cover Letter

4126 Tonja Heights South Dorsey, NC 44474-6255

Dear Ari Little,

I submit this application to express my sincere interest in the intern, health position.

In my previous role, I was responsible for support to management to produce reports and analyze large amounts of data as part of acquisitions or other special projects.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Experience in performing in a professional manner
- Experience in working in collaboration with a variety of individuals
- Experience in conducting qualitative and quantitative data analysis
- Experience in synthesize literature
- Knowledge of nutrition-related diseases and disorders such as food allergies, celiac disease, IBS
- Knowledge of office procedures and practices, business management practices, research methods and data collections, communication and correspondence practices
- A confident, outgoing individual who will seek out necessary information to achieve set outcomes
- Health or Environmental Science students

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Royal Murphy
