**Dear Oakley Mohr,**

I submit this application to express my sincere interest in the intern production position.

In my previous role, I was responsible for support in the areas of product failure analysis, product repair, component qualifications and implementation of design improvements.

Please consider my qualifications and experience:

- Be able to tune RF filters, switches and Power amplifiers IAW drawings, procedures and specifications
- Operate various levels of test equipment including network analyzers, spectrum analyzers, digital oscilloscopes, signal
- Videography and editing experience strongly preferred
- Understanding of media assets management
- Understanding of JavaScript, HTML (various versions), and other related technologies, understanding of databases, servers and basic Internet concepts
- Understanding of Internet and website management technologies
- Understanding of Content Management systems and application to content production environment
- Currently enrolled in a Bachelors or Masters program in Business, Supply Chain, Engineering, Agriculture, Science, or similar programs

**Thank you in advance for reviewing my candidacy for this position.**

Sincerely,
