

# Intern, Risk Cover Letter

1175 Braun LakeLake Jarrett, WV 91420

**Dear Shae Stracke,**

I am excited to be applying for the position of intern, risk. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for support for advanced data mining, statistical analysis and data modeling and other ad hoc analysis.

Please consider my experience and qualifications for this position:

- MIS background – familiarity with report generation, understands sensitivity/trend analysis concepts
- Able to maintain positive attendance at work
- Self-starter who is able to work with minor direct supervision
- Effective technical writing skills in creating dashboards or reports
- Able to work well within a team environment and participate in department/team meetings and projects
- Possess knowledge of, or aptitude to learn VBA, R, SQL, Risk Explorer, IGLOO programming
- Knowledge of advanced statistical modeling techniques and software
- Interest in derivative pricing and energy risk management

**Thank you for considering me to become a member of your team.**

Sincerely,

Landry Larkin
