

Intern, Risk Cover Letter

97294 Muller BrooksNew Celenatown, CA 37589

Dear River Batz,

I am excited to be applying for the position of intern, risk. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for direction regarding statistical analyses; Ensures defensible engineering and scientific analyses are employed and design history files comply with company policies and governmental regulations.

Please consider my qualifications and experience:

- Research viable alternatives available for internal creation of surrogate market intelligence delivery platforms
- Develop an understanding of all ESS functions that utilize 3rd party data in their processes
- Business major or equivalent undergrad or masters level program
- Agribusiness, Business, Communications or Economics majors preferred
- Proficient in Word, PowerPoint, and e-mail
- Full command of the English language is essential
- Fluency in a major European language
- Relevant experience in credit risk analysis (rating agency, financial market, consulting companies working in the credit space), in particular in the fields of 'Corporate and/or Industrial Companies' is a requirement

Thank you for considering me to become a member of your team.

Sincerely,

Spencer Bradtke
