

Intern, Risk Cover Letter

2426 Kovacek RampClementeside, NM 80629-1154

Dear Baylor Quigley,

I would like to submit my application for the intern, risk opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for technical solutions: synthesize statistical analysis into a compelling business story, product strategy, and communicate solutions to the business leaders.

My experience is an excellent fit for the list of requirements in this job:

- Good knowledge of financial products, especially fixed income and derivatives
- Basic knowledge of value at risk and counterparty risk measures
- MSc in Technical/Biological Field (Chemistry/Industrial Biotechnology/Biology preferred)
- Basic knowledge of fermentation biochemistry and organic chemistry
- Knowledge of Microsoft Office suite (i.e., Word, Excel, PowerPoint) SQL
- Be part of the Technology & Operational Risk Management function in driving a comprehensive risk assessment and management program focused on the identification, treatment and management of key risks
- Analytical and problem solving skills, including a strong attention to detail
- Enjoys being a member of a cohesive team and partnering with various cross-functional stakeholders and external business partners

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Finley Goyette
