

Investment Product Manager Cover Letter

6028 Stokes Streets Windlershire, IA 49235-6614

Dear Frankie Fisher,

I am excited to be applying for the position of investment product manager. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for business process expertise, strong analytical synthesis skills and project management skills to lead multiple projects through the capital expenditure investment and development process.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Demonstrated passion for investments
- Experience in developing products and strategies in the investment fund industry, with International financial services experience a definite asset
- Knowledge of conditions in the countries being supported for investment product and service development initiatives from a legal/regulatory, political, tax and cultural standpoint is an asset
- Strong analytical, financial analysis skills and knowledge of current project management methods
- Strong knowledge of both the retail, institutional and HNW channels in the asset management industry
- Mobile product development experience including management of Hybrid and native experiences
- Design and deliver against the strategic MOS roadmap through the full project life cycle, including analysis, design of the client experience and service model, and testing / migration of the components for delivery
- Identify opportunities for efficiency and standardization, present and drive process improvements

Thank you in advance for taking the time to read my cover letter and to review my resume.
