

# IT Audit Cover Letter

4060 Sau TurnpikeCassinview, AZ 33455

**Dear River Kerluke,**

I am excited to be applying for the position of IT audit. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for oversight for testing procedures performed and ensure audit work papers are comprehensive and well-written and include audit results and recommendations.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Experience working in a team-oriented environment independently
- Knowledge of industry standards such as COBIT and ITIL
- CISA and or CISM credentials preferred
- Audit expertise in IT service management (e.g., Change Management, Incident Management, Asset Management, ) areas
- Sound technical knowledge covering multiple IT audit areas, specially the ones related to Operations (e.g., operating systems management, database management, mainframe, networks, web infrastructure, production monitoring)
- CISA, CISSP or other applicable professional certification
- Prior IT Audit management role in a corporate Internal Audit department
- Should have strong people management skills to coach, motivate and lead a team of senior professionals

**Thank you for your time and consideration.**

Sincerely,

Sawyer Heidenreich
