

IT Network Cover Letter

52417 Jesse PortsMiguelside, ND 13291-6805

Dear Spencer Goodwin,

I would like to submit my application for the IT network opening. Please accept this letter and the attached resume.

In the previous role, I was responsible for network services, including: firewalls, IPS/IDS, DNS, DHCP, web security, TACACS+, VPN and NAC.

My experience is an excellent fit for the list of requirements in this job:

- Full understanding of IPv4 subnetting/routing and firewall management
- Thorough understanding of distributed systems architecture and comprehensive knowledge of multiple technical disciplines
- Knowledge and Experience with Microsoft Windows servers Build/Configuration/Maintenance
- In-depth knowledge of LAN/WAN design
- In-depth knowledge of SAN connectivity (fiber channel)
- Thorough understanding of TCP optimization methods and techniques
- Willing to participate in after hour activities & 24/7 on-call support and occasional extended work days (early morning/ late evening) to facilitate global communications
- Passionate about creating/maintaining documentation and network diagrams

I really appreciate you taking the time to review my application for the position of IT network.

Sincerely,

Hayden Zboncak
