IT Network Cover Letter

80728 Dreama FerryNew Osvaldoview, OR 08803

Dear Tatum Wiegand,

I submit this application to express my sincere interest in the IT network position.

Previously, I was responsible for planning, installing, configuring and maintaining routers, switches, VPN and Firewalls.

Please consider my experience and qualifications for this position:

- Expert level experience designing, managing, and supporting MPLS and DMVPN connectivity
- In depth knowledge of industry protocols including TCP/IP, MPLS, BGP, OSPF, ISIS, IPSec and VLANs and Spanning tree
- Cisco certification, CCNA or CCIE preferred
- Experience in working within very large managed projects and programs
- Wireless Implementation and configuration
- Knowledge of ISP provisioning
- Understanding of/experience with RADIUS, TACACS+, SNMP, SSH, Syslogging, NetBrain
- Knowledge of VoIP, H.323, SIP, H.264, RT Audio/RT Video, Silk

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Frankie Jenkins
