

IT Network Cover Letter

3414 Orn SkywayLedhermouth, IL 75487

Dear Ryan Bruen,

I am excited to be applying for the position of IT network. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for optimal periodic on-call support for change tasks, warrooms (P1 and P2 incidents) involving IPA, DNS and DHCP.

Please consider my qualifications and experience:

- Experience with Cisco Unified Communications Manager (CUCM) is a bonus
- Working knowledge of Cisco VPN Technologies – RSA SecurID, Cisco AnyConnect, Web Security and Network Access Manager
- Knowledge of MS Active Directory, DNS, DHCP, LDAP, LDS, FTP, & SFTP
- Knowledge of SolarWinds (or other monitoring software)
- Working knowledge of network security and firewalls
- Complete MACDs (Moves, Adds, Changes and Disconnects) including working with the carrier
- Perform as an escalation point for service impacting events relating to voice and data circuits
- Work with network design and operations teams to define and adjust site level requirements for data circuits

Thank you for considering me to become a member of your team.

Sincerely,

Baylor Ondricka
